Re: Proposed Dock Location on 0 Lily Street Property

Shane,

This letter serves to confirm that we have reviewed the proposed location for a dock/kayak launch structure on the southwestern boundary of the property at 0 Lily Street. The proposed location of the structure is within sovereign submerged lands, outside the boundary of the River Branch Preserve, and therefore, outside the jurisdiction of the conservation easement.

Thank you for working with us throughout the review process.

Sincerely,

Elizabeth Guthrie
Director of Land Stewardship
North Florida Land Trust
